

[Introducing the Transport Department](#)

This month I'd like to introduce you to our excellent Transport Department, which is led by the inestimable Steve Weir.

It's a sizeable team with significant capacity that reliably accommodates our clients' needs at short notice.

Most importantly, each and every one of them care deeply about being on-time, day in and day out.

They are located over four sites in Shoeburyness and Southend-on-Sea, and deliver via a new fleet of 11 lorries, comprising: 5 x 40 foot articulated trailers; 1 x 12 tonne vehicle and 5 x 18 tonne vehicles.

If we don't already supply all of your boxes - we'd love to quote for it all. Please drop me a line with the details...

Jody Adams, Account Manager

Steve Weir, Transport Manager

Our spotlight this month moves to our wonderfully diligent and ever-reliable Transport Manager, Steve Weir.

Steve was Cumberland Packaging's very first employee way back in 1986. Having been with us man and boy, he oversaw the company's first deliveries and has since steadfastly held the fort as we've grown over the decades. Indeed, he now manages a team of 11 drivers and six warehouse staff who deliver to circa 250 customers each month.

Steve is a season ticket holder at his beloved West Ham and recently started to play golf.

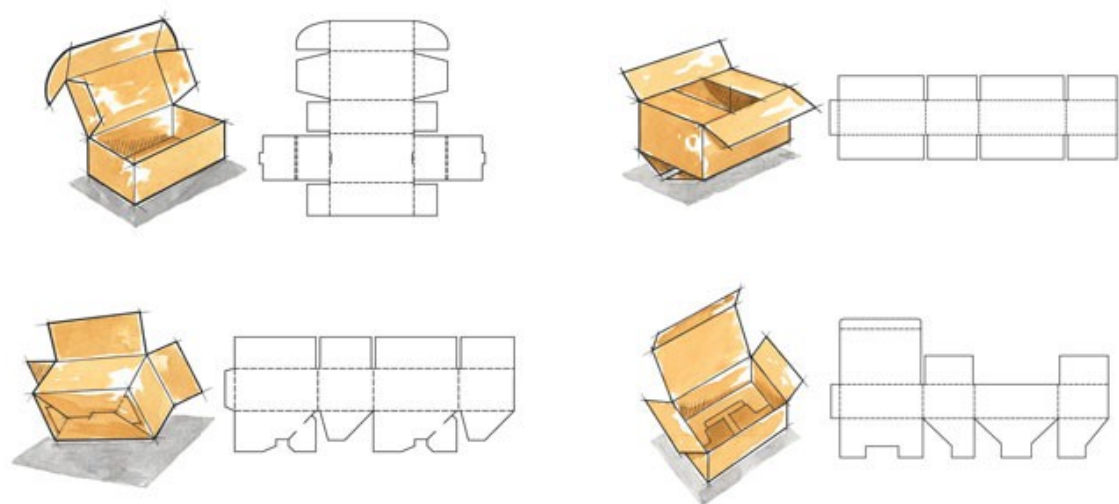

Jo Weir, Transport Administrator

Our unerringly competent Transport Administrator Jo Weir joined us 19 years ago, spending her first nine months in Reception before being snapped up by the Accounts department, where she spent two successful years.

Jo then left the company for 13 years to have and raise her three children. Happily she rejoined us three years ago to fold into the Transport department.

She enjoys taking in shows and concerts, and became a proud grandmother to the adorable bundle of joy that is Danny just four months ago.

Cumberland Packaging

Promoting best practice:

- We are certified for BRC/IOP as well as Ethical Trading.
- We passed our FSC audit in January 2017.
- We're also a member of the Sheet Plant Association.
