

CUMBERLAND PACKAGING LTD

Manufacturers of corrugated packaging products

ENVIRONMENTAL POLICY

STATEMENT OF INTENT

Cumberland Packaging Limited (CPL) manufactures and supplies secondary/transit corrugated fibreboard packaging products to the manufacturing and food industry.

Cumberland Packaging Shredding (CPS) provides an integrated Information security shredding service.

It acknowledges its obligations of both operations with regard to the potential environmental impact of the products and services provided, it also recognises the importance of identifying and controlling significant environmental aspects associated with the successful operation of its activities and encourages the active participation of every member of the organization with the objective of achieving and maintaining practicable standards of environmental controls in accordance with the requirements of ISO 14001 Environmental Management Systems – specifications with guidance for use.

Environmental issues for consideration are:

- Use of energy
- Water emissions.
- Management of waste material.
- Land contamination
- Use of raw materials and natural resources
- Local environmental and community requirements.

All activities conducted within the work place are done so with due regard to industry codes of practice, local authority and legal requirements and with appropriate safeguards in order to protect our environment.

The organizations arrangements for training, promotion and ongoing improvements of its environmental duties are designed and monitored to satisfy their specific needs and to ensure observation of acceptable best practices and duty of care at all times.

Cumberland Packaging Limited ensures that its legal and moral responsibilities for the environment are carried out through management of the organization and is an integral and vital part of their responsibilities.

Overall responsibility for the organizations compliance to environmental requirements rests with the Managing Director as undersigned.

Signed.....

Managing Director.
